Environmental Policy

1. Policy Purpose

The Abbey Cwmhir Heritage Trust acknowledges the connection between the climate and other environmental crises and the threat of current and future homelessness, disease, food and water shortages and poverty for millions of people around the world, as well as the major damage being caused to our natural ecosystems.

It therefore recognises its responsibility to reduce its carbon and environmental footprints and formally commits itself to being an environmentally responsible charity.

2. Policy Statement

The Abbey Cwmhir Heritage Trust will encourage Trustees, volunteers, members, any charity partners and other stakeholders to act in an environmentally responsible way.

We will:

- Strive to minimise our energy and water usage, reduce waste and to minimise emissions from travel.
- Encourage and support Trustees and volunteers to take environmentally sustainable decisions and actions.
- Use our influence to encourage others to take action on environmental sustainability issues.
- Consider our environmental impact when starting new activities.
